

Initial Post:

Hi family and friends! I am excited to announce that I have joined St. Ambrose University Dance Marathon. Dance Marathon is a year-long celebration of life providing emotional and financial support for families treated at the University of Iowa Stead Family Children's Hospital. SAU DM works with 33 local miracle families. My goal is to raise **\$XXX** by the Big Event which is March 30th. I will be dancing and standing for 13.1 hours with no caffeine.

Second Post:

In 1991, students at Indiana University founded Dance Marathon in the memory of Ryan White, a fellow student who passed away from HIV/AIDS. Dance Marathon now spans North America, benefiting hundreds of hospitals and countless kids in the United States and Canada. Dance marathons have become a tradition on campus and in the community.

St. Ambrose Dance Marathon began in 2011-2012 school year. Since then SAU DM has raised over \$1 million all FTK (For The Kids) at the University of Iowa Stead Family Children's Hospital.

This year I am trying to raise **\$XXX** by March 30th, which is the day where I will dance and stand for 13.1 hours. Please help me reach my goal by clicking the link below.

Third Post:

Your donation can help in variety of ways. Money raised through Dance Marathon goes to help pay for meals in the hospital, balloon bouquets to celebrate birthdays, and DVD's and video games for the kiddos to play well they are there. Please help me reach my goal by clicking the link below.

Fourth Post:

The Big Event is coming up! I am still **\$XXX** away from my goal. Over 500 students will come together and make miracles happen. One day we will dance in celebration until then we dance for a cure! Click the link below to donate.
